5	**Participants**	36
6	**No of students and staff present**	36 Students + 02 Staffs

Explaining IPR to students

Group Photos after the session

Onsite Workshop to GiTAGGED I AM INDIA held on 17 March 2026 in GiTAGGED | Geographical Indications Tagged World Premium Products (P) Ltd was conducted under the DBT Star College Scheme, organized by Dr. Nebula Murukesh, Assistant Professor, Department of Chemistry, The Oxford College of Science. The session highlighted that Intellectual Property Rights (IPR) were not merely abstract legal concepts but had real-world implications for cultural preservation, rural empowerment, and global trade. By engaging with GiTAGGED's model, students recognized how heritage crafts and agricultural products had been transformed into valuable assets in the marketplace, and how IPR had played a crucial role in sustaining traditions while generating economic opportunities. This workshop enabled students to bridge classroom theory with practical applications, making their understanding of IPR more relevant, impactful, and connected to everyday life.
