Images of Pet Show and prize distribution by Vice principal Prof. Gayathri Sudhir

The Department of Zoology and Genetics successfully organized a Pet Show “Wings, fins & Paws: A Companion Showcase” on 4th October 2025 at the Quadrangle as part of the World Animal Week celebrations. The event aimed to encourage compassion towards animals and to celebrate the joy and companionship they bring into human lives.

The show witnessed enthusiastic participation from students, featuring a delightful variety of pets including dogs, cats, rabbits, birds and fishes. The participants proudly introduced their pets, sharing interesting facts about their breeds, habits, and unique characteristics.

A special highlight of the event was the Ramp Walk with Pets, where participants walked alongside their pets, showcasing their bond and confidence. The segment added fun and excitement to the program, receiving loud cheers and appreciation from the audience. The event concluded with a Prize Distribution Ceremony, to all the participants for their enthusiastic participation.

The Pet Show created a lively and affectionate atmosphere, fostering awareness about responsible pet ownership and animal welfare. Overall, it was a heart-warming success that beautifully captured the spirit of World Animal Week and strengthened the message of kindness towards all living beings.
